

ERRATA SHEET

For the Grasslands Wildlife Management Area Proposed Expansion Environmental Assessment, Land Protection Plan, and Conceptual Management Plan

Please note the following corrections to the Grasslands WMA Environmental Assessment.

1. On the title page the date of the document should be June 2004 not July 2003.
2. Page 3-3, section 3.2.5, paragraph 2. The correct scientific name is *Gambelia silus* not *Gambelia sila*.
3. Page 3-4, section 3.2.7, paragraph 3. Delete the first sentence. The mountain plover has been withdrawn from proposed listing.
4. Page, 3-6, section 3.3.4, paragraph 1. Alternative 3 includes those tracts within alternative 2, plus an additional 107 (not 108) privately owned tracts.
5. Page 5-2, section 5.2.6 Distribution and Availability, should read "Copies of Planning Update 4 have been sent to federal and state legislative delegations, agencies, county and city governments, affected landowners, private groups, and other interested individuals (see Appendix C for distribution list). Copies of this environmental assessment, land protection plan, and conceptual management plan will be mailed to affected landowners, local libraries, State Clearinghouse, and those requesting a copy from the San Luis National Wildlife Refuge Complex, P.O. Box 2176, Los Banos, California 93635 (telephone 209-826-3508).
6. On the back cover, the date of the document should be June 2004 not July 2003.

Please note the following corrections to Appendix A, the Grasslands WMA Land Protection Plan.

1. On the title page the date of the document should be June 2004 not July 2003.
2. Page A-10, Tract Map. Delete tract 412c because it has been acquired.
3. Page A-12, Tract Table. Delete tract 412c because it has been acquired.

(over)

Please note the following corrections to Appendix B, the Grasslands WMA Conceptual Management Plan.

1. Page B-2, the goals of the National Wildlife Refuge System should be:

- To fulfill our statutory duty to achieve refuge purpose(s) and further the System mission.
- Conserve, restore where appropriate, and enhance all species of fish, wildlife, and plants that are endangered or threatened with becoming endangered.
- Perpetuate migratory bird, interjurisdictional fish, and marine mammal populations.
- Conserve a diversity of fish, wildlife, and plants.
- Conserve and restore, where appropriate, representative ecosystems of the United States, including the ecological processes characteristic of those ecosystems.
- To foster understanding and instill appreciation of fish, wildlife, and plants, and their conservation, by providing the public with safe, high-quality, and compatible wildlife-dependent public use. Such use includes hunting, fishing, wildlife observation and photography, and environmental education and interpretation.

Please note the following corrections to Appendix C, the Grasslands WMA Distribution List.

1. Page C-1, Distribution List. The title should be “Distribution List for Proposed Grasslands Wildlife Management Area Expansion.” Delete “Environmental Assessment, Land Protection Plan, and Conceptual Management Plan” from title. The elected officials under “Federal and State Congressional Offices” should be:

U.S. Senator Dianne Feinstein
U.S. Senator Barbara Boxer
U.S. Representative Dennis Cardoza
State Senator Jeff Denham
State Senator Dean Florez
State Assemblywoman Barbara Matthews
State Assemblyman Greg Aghazarian
